- **Sunday** | Disability is as widely diversified as people. There are many types of disability and within each type, there is a spectrum of severity. Thus, needs vary from person to person. Each disability carries its own unique set of assistive needs or even none at all. We must recognize that not all disability needs are the same and how to properly assist someone with a disability. This seminar will teach us how to be the hands and feet of Jesus within each disability need. It will also serve as a tool in learning some differentiation and understanding several different disability spectrums.

Seminars begin in classroom and then transition to warehouse.

FAMILY LIFE

Building Homes of Hope and Wholeness

Various Presenters, ADM Auditorium

The purpose of this seminar is to support families in a growing, joyful, and loving relationship with Jesus Christ. So where do we begin? “Our work for Christ is to begin with the family in the home... There is no missionary field more important than this” (Adventist Home 35). We will start with the foundation and build on it as we continue through the week. Each day will be presented by a different ministry couple who works with families. All topics are stand-alone and designed to benefit every aspect of home and family. For those who would like to become certified as a Family Ministries Leader, you must attend all six sessions. At the end of the week, you will receive a certificate of completion. Everyone is welcome and you don’t need to be a leader in your church to become certified.

- **Sunday** | **Gus and Reyna Moretta** | *A Firm Foundation* – Every builder will tell you that the most important component in a stable building is the foundation. How strong is your home’s foundation? Have you chosen to build on the ROCK? Is Jesus the center of your home? It is only as we ground our homes through faith in Him that we may be assured that our foundation is rock-solid.
- **Monday** | **Tom and Brenda Mejeur** | *Relationships and Marriage* – Whether single or married, there are relationship tools and skills that we can learn that are especially useful and powerful.

This seminar will cover the fact that singleness is not a disease, as well as pre-marital counseling, communication, and conflict management.

- **Tuesday| Jonathan and Loribeth Salciccoli | Parenting** – As parents, our heart's desire is to have our children in heaven with us. God has entrusted to us the precious gift of our children. It is our responsibility as parents to introduce them to Jesus. Our children need to see Jesus as a member of our family. This seminar starts with our preparation before the baby comes, and touches on how children affect our marriages, discipline vs punishment, being a disciple-making parent, and our children as disciple-makers.
- **Wednesday| Bob and Elsen Benson | Sexuality** – God's plan for sexuality has been marred by the world of sin in which we live. We are bombarded with messages from the media that are directly in opposition to the word of God. In this seminar, we will be addressing some of the areas of sexuality that we are faced with today. Areas include pornography, sex as a gift from God, and sex education for children. It is paramount for us to focus our families on God's original design for sex.
- **Thursday| George and Linda Campbell | Aging Gracefully** – Some issues related to aging seem a joy to discuss (such as grandparenting). Others, however, such as end-of-life issues or loss or grief we would rather avoid at all costs. However, this need not be the case, because talking about these issues, providing resources, and addressing them before the need arises helps one be prepared and face them with reduced anxiety and foreboding. This seminar will discuss grandparenting, multi-generations, and end-of-life plans.
- **Friday| Jim and Gail Micheff | How to Have Effective Family Ministries at the Local Church** – Whether you are a local church Family Ministries leader, or you have attended this seminar because you feel the need to be more equipped to help and bless others, this final session will be about how you can help to nurture and strengthen your church family more effectively. The good news is that you don't need any prior experience. All you need is a willing heart, a passion to make a difference, and a willingness to be used by God.

- **Monday** | *The Manual*– Vehicles are an intentional investment that comes with a manual, helping us to understand how to care for and maintain them at each mile. Have you experienced a lack of spark in your marriage? Have you misfired? Does it seem like you’re expending a lot of energy and going nowhere? Join us as we explore and talk about how to change our spark.
- **Thursday** | *Filters* – They are designed to keep unwanted things out, and allow the desirable things in. Unfortunately, in many cases, the filters are not working the way they were designed to. This is one way we can know it’s time to get a new filter. Join us as we explore how to check and change your filters.
- **Friday** | *Top It Off* – Having the right amount of fluids helps to keep everything running smoothly. In this session, we will explore how the challenges and changes in life can cause these fluids to fluctuate. Join us as we explore how to keep our fluid levels high. How to not only cope but heal through constant change.

The Great (Mind) Controversy

K'dee Elsen, Church Fellowship Hall

Dr. K'dee Elsen is a licensed Clinical Psychologist at Beautiful Minds Medical in Northern California. In addition to being a psychologist, she is an international speaker, and a podcast and YouTube host. Her ultimate joy is sharing how the truth of a compassionate God can heal our broken world, lives, and hearts.

Did you know that we are experiencing a mental health crisis? And this crisis is not just happening in the world, it is happening in our church, our homes, and in our hearts. This seminar series will help you to 1) know the time— be aware of and understand the mental health crisis from a great controversy perspective, and 2) redeem the time— learn Biblical, practical tools to cope with and overcome mental health difficulties.

- **Sunday** | *Knowing the Time* – **Know** and understand the mental health crisis we are currently living in, including increasing awareness of prevalence rates, risk factors, and the impact of the COVID-19 pandemic on the crisis; all from a *Great Controversy* and end-time perspective.
- **Monday** | *Knowing the Time* – Identify Satan's greatest attack in the great controversy over our minds and introduce the Bible's solution of what we can do to protect and cleanse our minds as a foundation for psychological well-being.
- **Tuesday** | *Knowing the Time* – Learn how to practically “keep every thought captive to the obedience of Christ” (2 Cor. 10:5) and find freedom and victory in this war over your mind by learning these and more Biblical tools for catching, checking, and changing our thoughts.
- **Wednesday** | *Knowing the Time* – Now that we are aware of and “know the time” that we are living in, we will conclude our series by learning how to “redeem the time.” We will identify one of the main mental health barriers to redeeming the time and how to overcome it through Christ's righteousness.

MINISTERIAL

Christ's Way to Spiritual Growth

Philip Samaan, Commons

Dr. Philip Samaan is a professor emeritus at Southern Adventist University where he taught for more than 20 years. He earlier taught at Andrews University Theological Seminary for a decade. He also served as the chief editor of the Sabbath School Quarterly, missionary in Africa, and author.

- **Monday – Friday** | There are all sorts of so-called spiritualities—ranging from Eastern mysticism to New Age ideas. True spirituality is based not on self but the Savior, for it is Christ-centered and Biblically based. It is truly the dynamic process of becoming Christlike in every aspect of our daily lives.

Black Magic or Resurrection Power

Wes Peppers, Main Auditorium

Presented by Wes Peppers, evangelism director for It Is Written.

Since the fall of humankind in Eden, spiritualism has been a constant, fatal replacement for worshipping the true God of heaven. Through subtle yet deadly deception, Satan has effectively tempted every generation of humanity for thousands of years. Amazingly, these falsehoods have crept into the Christian church and even into the everyday lives of Seventh-day Adventists. Satan has increased his efforts in the last days and shaped modern spiritualism and witchcraft in the most seemingly innocent ways. This series will investigate what the Bible says historically, theologically, and practically about modern spiritualism and how it impacts the lives of God's people in a relevant way. You will understand God's counsel and appeal to His people to be free of all spiritualism in our hearts as we live on the edge of eternity.

Through these experiences, she has gained a passion for teaching families, children, and church members how to share Jesus in fun and creative ways.

Come learn how to share Jesus in creative ways: You will leave this seminar with an abundance of ideas for witnessing to your friends, neighbors, strangers, and communities. A multitude of ideas and stories each day will inspire you to cultivate a lifestyle of service. There will be handouts, samples, and prizes that you can take home and use in your own family and/or church outreach opportunities.

- **Monday** | *A Lifestyle of Service* – We cannot rely on organizations to help lay the foundation for a life of service. We must be intentional about developing habits that will make service a natural part of living because “the greatest joy and the highest education are found in service.” Come find out how you can cultivate a life of service!
- **Tuesday** | *The Gift of Giving* – The best birthdays you will ever celebrate are birthdays that give back to others. Find out how others have done this and how you can be blessed by giving to others on your birthday too.

- **Wednesday** | *Celebrating “the Holidays” in a Secular World* – Holidays are meant for giving. Learn how to use these special days to make life pleasant and happy for others, to make a difference in this world, and give “thank offerings” to Jesus whenever you celebrate.
- **Thursday** | *Called to Serve* – Christians who desire to serve their community will find that there are a lot of opportunities all around them. How can you minister in your community? How can you get involved? Let’s talk about planting the seeds of God’s love right where you live.
- **Friday** | *Called to Serve II* – Christ has called us to serve others and there are many opportunities near you. To serve God is to serve others and is one of the greatest demonstrations we can make of Christ-like love. Let’s talk about more opportunities that you can take part in and even create as you serve those nearest you.

- **Sunday-Friday** | Paul, in Galatians, presents to us this almighty powerful Jesus who not only cleanses us from sin but empowers us to be free from sin. He connects us to the risen Christ who ministers for us as our Heavenly High Priest. The great questions of life are answered here. Galatians so beautifully clarifies the role of faith and Christian behavior. Understanding this book prepares us to live in the "time of the end". Expect to experience the peace of Jesus like never before!

Learn to Sing the Psalms

Jessica Landis, Boys Dorm Chapel

Jessica Landis is from Michigan and has just finished the 12th grade. She has written 115 of the presented melodies. Her mother has written the other 88 throughout her lifetime. Jessica has grown up surrounded by the Psalms.

- **Monday – Friday | *The ancient hymns awakened...*** - In the center of God's library is the book of Psalms. We will share peaceful melodies to sing all of these hymns of antiquity. Each song is word-for-word from the King James Version. Besides David, there are 7 other known contributors to the authorship of the Psalms: Moses, Solomon, Ethan, Heman, the sons of Korah, and the sons of Asaph., with David being the most prolific writer. It is written of David "Who can measure the results of those years of toil and wandering among the lonely hills? The communion with nature and with God, the care of his flocks, the perils and deliverances, the griefs and joys of his lowly lot, were not only to mold the character of David and to influence his future life but through the Psalms of Israel's sweet singer, they were, in all coming ages, to kindle love and faith in the hearts of God's people, bringing them nearer to the ever-loving heart of Him in whom all His creatures live" (Patriarchs and Prophets 642).

Reasons to Believe

Travis Smith, CC1

Travis Smith has a Master of Arts in Pastoral Ministry and presents the Bible in a clear way that will encourage you to study the Bible more. You will find his enthusiasm to be contagious. After years of living an aimless and unfulfilled life, He found true meaning in life through studying the prophecies of Daniel and Revelation. Don't miss this exciting seminar that will give you Reasons to Believe!

What justification can Christians offer in contrast to Hindus, Jews, Muslims, or secular individuals for thinking that the Christian faith is the correct religion? This series will allow your faith in Christianity to become a bit more intelligent so you can reach out to other world views. We will look at the Bible as a historical book to see if its claims of itself can be logically substantiated.

- **Monday** | *Does God Exist? Does It Matter?* – The existence of a higher being has been debated for a very long time. In this presentation, we will give you eight lines of reasoning to demonstrate that God does exist.
- **Tuesday** | *Why I Believe the Bible* – What is the difference between the Bible and all other holy writings? Does the Bible give us any clues as to its divine origin? This presentation will offer seven reasons why the Bible is inspired and isn't merely a human book.
- **Wednesday** | *Evidence of Old Testament Archeology* – There has never been a single archaeological discovery that has ever disproved that the Bible is not historically reliable. These two presentations on OT and NT biblical archaeology reveal that we can trust the Bible historically. Here's why biblical archaeology matters, if we can verify the Bible's historicity, then we can also trust the Bible as a guide to spirituality.
- **Thursday** | *Evidence of New Testament Archeology*
- **Friday** | *The Resurrection of Jesus Christ* – Put simply, if Jesus did not resurrect, then Christianity is completely meaningless. Historical scholars agree that burial of Jesus is one of the best attested to facts of history. In this presentation we will give eight lines of evidence that establish solidly the historical fact of the empty tomb.

- **Monday – Friday** | Come learn about the compelling evidence for the equal Deity and Personhood of the three members of the Godhead. You will have conclusive evidence for the eternal duration of Christ's life and absolute assurance that our Seventh-day Adventist

understanding of the Godhead is correct and Scripturally based. The five Bible studies being presented cite more than 800 Scriptures and are the result of five years of study, during which more than 1,500 pages of quotations from Ellen White were collected on the subject. Handouts will be provided to attendees.

It is an inspiring study of the science of all sciences – the “science of salvation.” Keywords here are help and hope – “help in time of need” and “the hope set before us!”
